Payment option 1 is pay via ACH; you always pay for the upcoming week. This is your best option. This tuition will follow our annual tuition increase.

Payment option 2 is for those with a rare situation and pay the same week of care or after care is provided (check, money order, etc.).

Option 1 tuition is on target with market suggestions. Our tuition increases annually to keep up with our rising costs (food, supplies, licensing fees, employee costs, etc.).

Option 2 tuition is near market recommendation for a center that is licensed, accredited and four-star parent aware rated in our county.

Our **enrollment registration fee** will remain \$125 per family upon registration. This is for new families.

Our **annual registration fee** is \$75 per family. This fee is deducted via ACH every March (1st Monday in March or after), All existing families pay this each March.

MN Department of Education, Military and County Child Care Assistance accepts our fair market tuition. Please note if you currently utilize these payment sources, your co-pay amount will **not** change.
